Nourishing the
Nation through
Nutrition

Hunger

Hunger and lack of nutritious food are one of leading causes of absenteeism, dropping out, poor academic performance and failing health parameters among India's school-going children.

70%

of our school-going children are undernourished, says the Global Nutrition Report 2016.

YOU CAN HELP CHANGE THIS.

Mission

We are committed to:

Nurturing school-going children in rural India and disadvantaged sections of the society with nutritious breakfast while also catering to their emotional and spiritual needs.

Expanding our presence to reach all government and government-aided schools in the country, and the world at large.

Enabling rural uplift and transformation, and making our villages ideal in terms of sustainable growth and development.

2012

1 centre
10 volunteers

50 children
1 State*

249 centres
200 volunteers

20,000 children
8 States**

2017

*Karnataka

**Karnataka, Andhra Pradesh, Tamil Nadu, West Bengal, Telangana, Kerala, Odisha, Maharashtra

What we do

Serving the children healthful breakfast every morning is therapeutic and brings us more joy than anything else in the world.

And the love we receive from them is simply priceless.

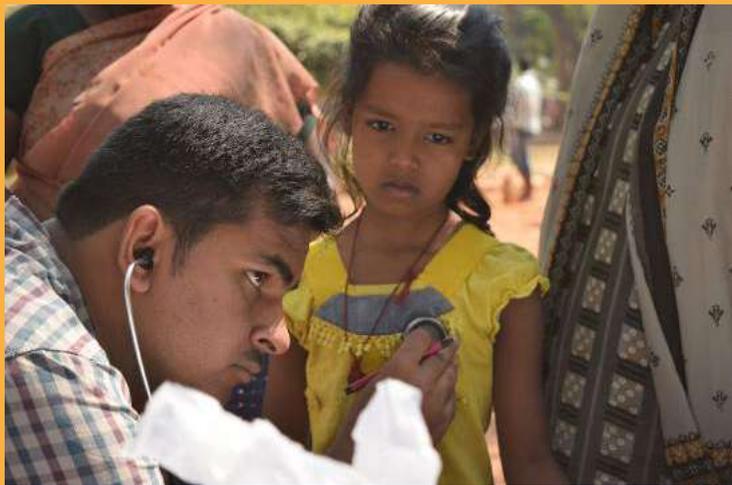

We also strive to nourish their minds and souls to help grow them into well-rounded individuals.

○ VIDYA (Educare)

We work with the children on their English-speaking skills, computer awareness and teach them the importance of embracing human values.

○ VAIDYA (Healthcare)

We conduct regular medical check-ups and dental camps, and impress upon children the importance of personal health and hygiene.

○ VAARI (Water)

We set up reverse osmosis plants to help keep water-borne diseases at bay. Efforts are also on to provide Bio Sand Filters in each school.
