# Children Express their Gratitude

---

- *Before we started receiving Ragi Java, we often felt weak and found it difficult to concentrate on our studies or participate in games. After the introduction of Ragi Java, we feel energetic and active for nearly three to four hours. Even on days when we come to school without eating at home, this nutrition gives us the strength to study well and participate confidently in all activities. You have been supporting us with this programme for the past three years, and we are deeply grateful to you from the bottom of our hearts.*

**Thank you.**

# Children Express their Gratitude

- **Good morning everyone.**

We are sincerely grateful to **Sri Sathya Sai Annapoorna Trust** and **Amazon** for providing us with nutritious food. Proper nutrition is essential for a child's growth and good health. Since many children do not prefer traditional healthy foods, the nutrition is thoughtfully provided in the form of **millet chikkis and cookies**, which are both tasty and nutritious. I wholeheartedly thank Annapoorna Trust and Amazon for caring for our health and well-being.

**Thank you.**
