SRI SATHYA SAI ANNAPOORNA TRUST

09

**09 SOLUTIONS MANAGEMENT
INDIA PVT. LTD.**

EVERY CHILD MATTERS

Are we truly ensuring that every child receives what really matters?

In a country making great advancements, there are still several underserved regions where children go to school on an empty stomach. Over a decade ago, we recognised this critical yet overlooked need and launched the Morning Nutrition Programme in 2015 for school-going children because hunger should not hinder education.

While the programme now serves lakhs of children across India, we recognise that much more remains to be done, and addressing such a mammoth task requires collective effort. With strong support from government collaborations and **O9 Solutions Management India Pvt. Ltd.** under its CSR initiatives, the Trust continues to expand its reach and impact.

This partnership reflects how corporate support and grassroots implementation can create meaningful and sustainable change—because every child matters. 🌱

India is singularly blessed with a CSR Policy that is succeeding, as it is in the very ethos of the Indian ecosystem. It is not just a compliance but a commitment to a better future. Not just an expenditure, but it is empowering the nation with better strategies. There are plenty of wonderful organisations in this country, working for causes and many work with the Annapoorna Trust as they find the right match with the ideas, philosophy, and implementation capacities.

Together, we can create a future where everybody is included and nobody is excluded, and especially make sure that every child has access to the basics of life, nutrition, education, and healthcare. We should grow equitably.

We cannot transform society alone, but together we can do anything. That is the power of collaboration. After all, “The World is one Family”.

Sadguru Sri Madhusudan Sai
Founder

WHY MORNING HUNGER?

Morning Meal is deemed the most critical meal of the day and is often skipped by many children, especially in the rural and impoverished regions of India, due to the challenging family circumstances. The concept of Morning Nutrition emerged as a unique and relevant solution to address children attending school on an empty stomach.

OUR VISION

**Our vision is simple yet profound –
“Let no child go to school hungry ever!”**

While the initiative began in India, our vision extends beyond borders, embracing the belief that the whole world is one family, and that every child deserves the opportunity to learn without hunger.

Today, our work spans across 25 States and 4 Union Territories across India.

The programme provides a nutritious, fortified millet-based morning drink “SaiSure” to children in government schools, helping them start the day energised and ready to learn.

From remote rural villages to the high-altitude regions of Leh, the programme continues to reach children where support is needed most.

OUR WORK

SIP OF STRENGTH

Benefits of Consuming SaiSure

SaiSure and its Contents

The nutrition blend provides **31 kcal of energy** with **balanced carbohydrates and dietary fibre**, supporting sustained energy for children. It is enriched with **essential minerals like calcium, iron, zinc, and iodine**, along with **key vitamins including A, B-complex, C, and D** to support growth, immunity, and overall health. The formulation contains **no added sugar and zero trans fat**, making it a healthy nutritional supplement.

Fortification Process

SaiSure Nutritions LLP produces fortified ragi by carefully blending Ragi Millete with essential vitamins and minerals through a standardized fortification process to enhance its nutritional value. This ensures the ragi mix provides balanced micronutrients that support the growth, immunity, and overall health of children.

Procurement from Tiptur farmers at MLP

Tiptur is known for its quality ragi cultivation. Sri Sathya Sai Annapoorna Trust procures ragi directly from local farmers in the region, ensuring fair support to the farming community while sourcing nutritious grains by paying little more than Government pays. The procured ragi is then used in the Trust's nutrition program to provide healthy morning nutrition to government school children.

SCHOOL VISIT by 09 Solutions Team

On 9th December 2025, the 09 Solutions team, comprising of Ms. Swapna Balivada, CSR Committee Member & Senior Delivery Director, along with Ms. Anjali Jha, Social Impact & Sustainability Lead, visited the schools. They interacted with the children and personally served them morning nutrition. It was a joyful and memorable day for the children, and our Annapoorna team also had the opportunity to engage meaningfully with them.
