CULTIVATING NUTRITION, SUSTAINABILITY & LIFE SKILLS THROUGH SCHOOL KITCHEN GARDENS

At Sri Sathya Sai Annapoorna Trust, our vision of nourishing children goes beyond providing healthy morning nutrition. We believe that educating young minds about sustainable living and healthy food habits is equally important in shaping a healthier future.

In partnership with Inspire Brands, we were delighted to launch the Kitchen Garden Initiative across government schools in Shabad Mandal, Rangareddy District, with the distribution and plantation of vegetable seedlings and fruit plants at MPPS Nagarguda, MPPS Shabad (HW), and ZPHS Hyderabad.

The initiative encourages students to actively grow and nurture fruits and vegetables within their school campuses, fostering environmental awareness, nutrition education, and practical learning while providing access to fresh, chemical-free produce. These gardens are more than green spaces—they are living classrooms where children learn the values of responsibility, sustainability, and healthy living.

Krishnaiah, Headmaster of MPPS Nagarguda; Sri Praveen, Headmaster of MPPS Shabad (HW); and Sri K. Balraj, Boys High School Complex Headmaster. SERVING NUTRITION,

SHARING SMILES: DONORS EXPERIENCE THE ANNAPOORNA MORNING NUTRITION PROGRAMME FIRSTHAND

There is no better way to understand the impact of a nutrition programme than by witnessing it firsthand.

Our recent school visit to GHPS Kuppahalli was filled with joy, laughter and meaningful connections as more than

20 donors, including several overseas supporters, joined us to experience the Sri Sathya Sai Annapoorna Morning Nutrition Programme in action.

The visitors enthusiastically served SaiSure Ragi (Millet) Multi Nutrient Health Mix to the children, gaining a first-hand understanding of how a simple nutritious morning drink can positively influence children's health, attendance and learning.

One of the most memorable moments of the morning was when Ramesh Deep Sister led everyone in a lively song. Soon, the children and donors were singing and dancing together, transforming the school campus into a celebration of happiness, unity and shared humanity.

The most touching part of the visit came when the students expressed their heartfelt gratitude by presenting each donor with beautiful handmade greeting cards and drawings. These thoughtful gestures, created with love and innocence, left everyone deeply moved and reminded us that the greatest gifts often come from the smallest hands.

Following the school visit, the group travelled to Gopinath Hills, introducing many of the first-time and overseas visitors to another inspiring facet of the One World One Family Mission.

Experiences like these remind us that nutrition is more than a meal—it is hope, dignity and an opportunity for every child to learn, grow and dream.

A heartfelt thank you to all our donors and well-wishers for spending your morning with our children and becoming a part of their journey towards a healthier and brighter future.

Together, let us ensure that no child goes to school hungry, ever.
