## DIVINE IN BELAGAVI: A COLLECTIVE STEP TOWARDS AN ANAEMIA-FREE FUTURE

The fifth edition of “An Evening Divine” was held in Belagavi on 11 August 2026, bringing together an inspiring dialogue on nutrition, anaemia prevention, maternal and child wellbeing, and the power of collective action.

A key focus of the evening was the need to address nutritional deficiencies among adolescent girls and women. In a conversation with educationist and founder of Naikar Education Society, Dr C N Naikar, Sadguru Sri Madhusudan Sai shared the vision of making Belagavi an anaemia-free district through early and sustained nutritional intervention.

Sadguru emphasised that nutrition must begin at the right stage of life. He explained that when multi-nutrient supplementation is introduced only at later stages, the body’s ability to absorb and utilise nutrients may be limited—a phenomenon he referred to as “reductive adaptability.” Hence, the proposed initiative would begin with girls from around 13–14 years of age, with a focus on women and adolescent girls.

At the heart of this initiative is SaiSure Ragi Multi Nutrient Health Mix, the flagship nutritional intervention of Sri Sathya Sai Annapoorna Trust. SaiSure is designed to bridge nutritional gaps during crucial stages of growth, helping address both inner hunger—the body’s need for nourishment—and outer hunger—the lack of adequate food and nutrition...
